
Staying on the Right Track

Vehicles in the Countryside in the Peak District National Park

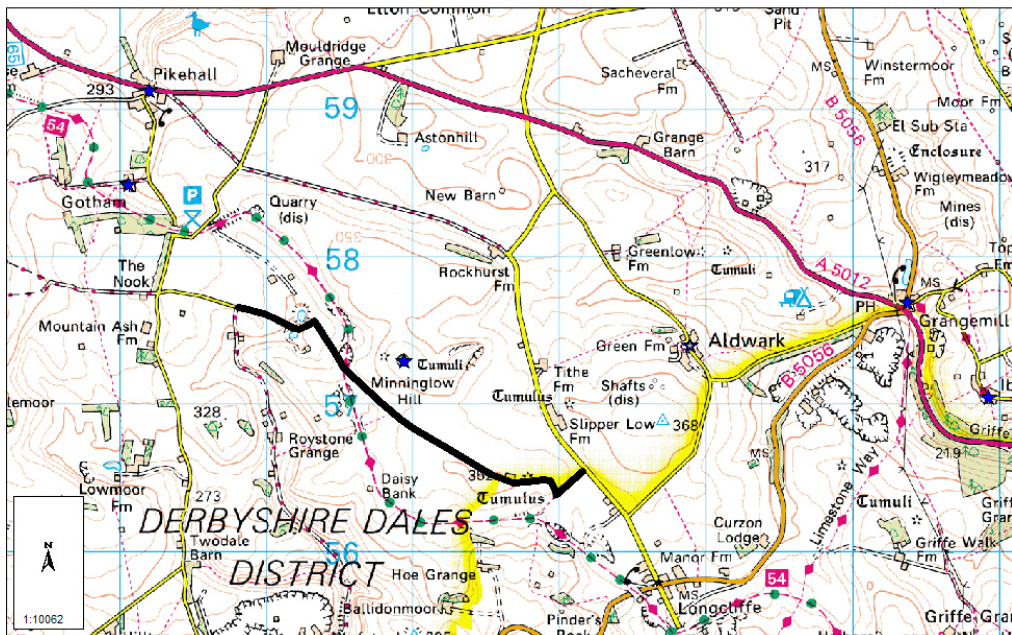

Update – October 2010

Notice of Voluntary Restraint - Minninglow/Gallowgate Lane

This update is to inform vehicle users of this restraint, which comes into force on the 1st November and ends on 31st May 2011. A copy of the site notice is attached with this edition of our newsletter. The restraint is in place to allow the unsurfaced lane time to recover over the winter period after repairs have been carried out at a local farmer's expense. Landowners are involved and support this voluntary restraint order, which has been carried out and approved through the LARA process and with the help of the Peak and Derbyshire Vehicle User Group.

We would be grateful if you could spread news of this restraint and if you have any questions obviously don't hesitate to contact us (rightsofway@peakdistrict.gov.uk) or 01629 816296. The lane is shown on the map below by a black line. It lies in the south of the Peak District National Park between GR SK 197 576 to SK 222 565.
